

A.L.L. for Kids Testimonials

"The A.L.L. for Kids program has made a difference for my children. The programs offered have let my children experience socialization, team work, feeling good about themselves and experiencing sports and camps, that I as a single working mother would not be able to offer to them financially. Children need these opportunities to stay happy, healthy and focused."

~ Parent

"We believe that this program has allowed many children the opportunity to try gymnastics that otherwise may not have been able to. We think that we have touched the lives of many children in a positive way and that with your help we have benefited each child that A.L.L. for Kids has allowed to experience gymnastics."

~ Activity Provider

"Thank you for letting me take tae kwon do. I am having so much fun in it that I get my mom to bring me everyday. I have gotten a green stripe... I hope to get my black belt someday."

~ Child

"The United Nations Convention on the Rights of the child states that every child has the **right** to recreation opportunities."
