Educators from the Newnham Lab School will share a brief history of the transformation of their Environment as a Third Teacher over the last several decades. As we face uncertainty in the world of Covid-19, we all have an opportunity to reimagine our learning environments and spaces. Currently, educators at the Lab School are contemplating responses to Covid-19, while reimagining how to continue to uphold their pedagogical values and principles. Join us for a pedagogical dialogue on potentialities as we return to our spaces and seek oppor-

This is a FREE workshop intended for all professionals working with children in early year settings
