

Notice of Motion

Re: Security Cameras

“That Chatham-Kent put security cameras in at least three of the following locations due to consistent vandalism to the restrooms. Where as Erieau restrooms are vandalized on an almost yearly basis, and where as Wallaceburg’s Glen Mickle Park restrooms have also been vandalized and where as Tilbury Memorial Park has been a constant area being vandalized on an almost yearly basis. And Where as the security cameras maybe much cheaper in the long run than just fixing the restrooms and having the vandalism continue in the future. Where as there maybe more parks that are having the same problems, that they be added to the list of parks to have security cameras installed and pay this over our 4 year term of Council.

Signed: Councillor Mark Authier
