Describe your Drinking-Water System

The Bothwell Distribution System receives treated water from the West Lorne Water System. The source of the raw water is Lake Erie. The water supply system consists of the West Elgin Water Treatment Plant located south of the settlement of Eagle along the Lake Erie shoreline in the Municipality of West Elgin. Water is transported from West Lorne to Newbury, Glencoe, Bothwell, Melbourne and rural areas by the Glencoe pipeline. A pumping station at Glencoe reservoir pumps directly to Mosa Township, Newbury and the Bothwell elevated tower. Water is stored in the Bothwell elevated tower to supply the Bothwell Distribution System.
