

Inductee Nomination Form

The Kent Agricultural Hall of Fame Association meets in the spring of each year to review the nominations of individuals that have been submitted for induction into the Kent Agricultural Hall of Fame. Although the deadline to submit nominations is March 31st of each year, those nominations received after that date will receive consideration the following year.

*** Nominee's Consent:** An important pre-requisite to submitting a nomination for a HOF candidate is that the nominee is fully aware that you are nominating them and has consented to this nomination. Without this consent, the nomination will not be considered "complete" and the committee will not move it forward in the nomination process.

I confirm that consent has been given by the nominee.
