**Subject:** Drain Maintenance Levying By-law – 2020 Final Tax Levy

---

**Recommendation**

It is recommended that:

1. Three readings to the Drain Maintenance Levying By-law be given to provide for the collection of repair and maintenance costs on various Municipal Drains in accordance with Section 74 of the Drainage Act.

**Background**

Section 74 of the Drainage Act, R.S.O. 1990 provides that the Municipality of Chatham-Kent is responsible for the maintenance and repair of numerous drainage works. Section 74 states that projects are completed at the expense of all the upstream lands and roads in the watershed. The costs for each drainage project are assessed in the proportions determined by previous engineer's reports and governed by the current by-law for each drain.

A list of drains on which maintenance and repairs have been completed is attached as Appendix A. The projects included in the by-law require Council's approval to levy the assessed maintenance and repair costs on the 2020 Final Tax Roll as legislated by Section 61(4) of the Drainage Act, R.S.O. 1990.

**Comments**

The Province of Ontario, through the Ministry of Agriculture, Food and Rural Affairs (OMAFRA), provides a one-third grant for municipal drainage assessments that are assessed to properties within the Municipality of Chatham-Kent providing the properties are classified at the Farm Tax Rate. The grant is applied for by drainage staff for all completed maintenance and repair projects each year. The total maintenance grant

requested by the Municipality for the 2020 final tax levy is \$3,894,385.94 and applies to projects completed by December 31, 2019.

The 535 maintenance projects listed on Appendix A are to be levied and collected on the final two installments of the 2020 tax roll.
