1. Welcome to all, and heartfelt moment of silence for the revelation of the tragic deaths of the residential school children.

2. CK Data Discussion (1 hr)

- Overview of info collected from last meeting - thanks for everyone's input!
- "CYPN Counts" (Temporary name for our Data team – now changed to "**CK Data Leads**")
- Next Steps re: Data. Carol Moore (CKCS) and Sarah Fraleigh (ESS – Mun.CK) (*pls see attached*)
 - We need to decide on the right 'markers' and determine what and how to measure, to best tell Chatham-Kent's story and make decisions based on accurate information.
 - A best case scenario would be to find a way to support a position – a person to lead the data collection and reporting in CK.
 - If you have a staff member who should be joining our CK Data Leads team, please connect with Kelly Emery.
 - Carol shared the visual/mapping for the Deprivation index for the Oxfordshire JSNA. There is a weighting for each of the sub category for the index as well:
