**Date:** December 17, 2019

**Subject:** Tile Drainage Loan Debenture By-law and Inspection

---

**Recommendation**

It is recommended that:

1. The Rating By-law for Tile Loan Debenture # 2020-02 for February 1, 2020 imposing special annual drainage rates under the Tile Drainage Act be approved.

**Background**

The Province of Ontario provides loans to property owners through the Tile Loan Program to assist in funding the installation of private farm tile on their agricultural properties. The program is governed by the Tile Drainage Act. The Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA) announced the criteria for the 2019/2020 Tile Loan Program would remain the same as last year, offering an annual loan maximum of \$50,000 with a 6% interest rate for a ten year term. Tile drainage loans are available on a first come first served basis for the Provincial fiscal year. The \$50,000 loan limit is on a per owner basis, not on a per property basis. The details of the current Tile Loan Program were confirmed by email.

**Comments**

The Tile Drainage Act requires that the Council of the local municipality adopt an authorizing debenture by-law for tile loans.

The following inspections have met the criteria as set out under the Tile Drainage Act.

### **Consultation**

Confirmation has been received this year from the Environmental Management Branch office of the Ontario Ministry of Agriculture, Food and Rural Affairs announcing that funding is available through the Tile Loan Program for the 2019/2020 fiscal year.

### **Financial Implications**

A \$270 inspection fee is charged to property owners for inspecting and processing tile loans. It is included as an eligible cost for obtaining a tile loan. This user fee is authorized under Section 391 (1) of the Municipal Act, 2001, (S.O. 2001, c.25) and is a budget revenue item for the Drainage Division.
