

Motion

Re: Blenheim Dog Park

Whereas the Municipality of Chatham-Kent has in place By-law 176-2005 respecting the control and licensing of dogs and kennels, and By-law 66-2004 which governs the use of municipal parks and prohibits dogs running at large except as provided for in “Off-Leash” facilities;

And whereas Staff has developed a policy to serve as a framework containing guidelines governing the development and locations of a Dog Off-Leash Recreation Area (DOLRA) for the Municipality of Chatham-Kent;

And whereas some residents in Blenheim have shown interest in a potential location in Blenheim South Kent.

Therefore, be it resolved that administration investigate and identify if there any suitable locations that meet site requirements as set out in said guidelines in the community of Blenheim. This report include how the current successful parks are funded and facilitated and the report be included in the agenda on May 31st meeting of Council.

Signed: Councillor Anthony Ceccacci
