

# Municipality of Chatham-Kent

## Dover Transfer Station Operating Procedures

### Operating Procedures for Rural Residents

- Each rural household is allowed one-half cubic metres of household waste (equal to eight garbage bags not larger than 30" x 36").
- A charge of \$2.00 per bag or minimum \$20 per ½ cubic metre applies when in excess of the limit.
- Large household items are accepted but are included in the ½ cubic metre limit.
- Recycling is accepted free of charge. Please refer to the recycling guide or ask an Operator.

### Operating Procedures for Rural and Urban Residents

- Each homeowner is limited to a maximum of ten non-commercial residential tires free of charge.
- Each farm with a residence is also limited to four rimless farm tractor tires free of charge. The Operator is not authorized to take excess or other tires.
- White goods (fridges, air conditioners, etc.) containing Freon are accepted free of charge provided they are tagged by a licensed ODP cardholder. There is a \$20 fee for untagged refrigerant units. All other white goods are accepted free of charge.
- Scrap metal (stoves, washers/dryers, etc.) are accepted free of charge.
- Empty propane cylinders (20-30 lbs only) are accepted free of charge.
- Used oil - first 20 litres are free of charge. A charge of \$.10/litre will apply in excess of 20 litres.
- Used oil filters and empty oil/antifreeze/lubricant containers are accepted free of charge.
- Electronic waste is accepted free of charge. Please refer to the electronics guide or ask an Operator.
- Vehicle batteries are accepted free of charge.
- Leaf and yard waste is accepted free of charge - ask an Operator for more details regarding what is acceptable.

### Not Accepted

- Building materials/construction waste including asbestos. This material is accepted at the Harwich and Wallaceburg Transfer Stations only for a fee. Ask an Operator for the hours of operation or visit our municipal website (see below).
- Fill of any kind, hazardous waste, dead livestock, railroad ties, rubble such as broken concrete, cement blocks, stones, plaster, non-emptied propane cylinders, car parts, old cars, engine blocks, sharps/needles, burnable materials, paint, pesticides (including empty bags, jugs etc.) or chemicals of any kind.
- Garbage and recycling from residents who receive curbside collection.
- Garbage and recycling from commercial, institutional and industrial properties including farms without a residence.

### Address & Operating Hours

25280 Big Pointe Road

Saturday from 8:00am to 4:00pm. Closed Statutory Holidays

**Note:** Residents observed dumping garbage and waste materials after hours will be subject to trespassing charges.
