ANNUAL REPORT

Drinking-Water System Number: Drinking-Water System Name: Drinking-Water System Owner: Drinking-Water System Category: Period being reported:

220003341
Wallaceburg Drinking Water System
Municipality of Chatham-Kent
Large Municipal Residential
January 1 – December 31, 2019

Does your Drinking-Water System serve more than 10,000 people? Yes [X] No []

Is your annual report available to the public at no charge on a web site on the Internet? Yes [X] No []

Location where Summary Report required under O. Reg. 170/03 Schedule 22 will be available for inspection.

Chatham-Kent PUC Office 325 Grand Ave E Box 1191 Chatham, ON N7M 5L8

List all Drinking-Water Systems (if any), which receive all of their drinking water from your system:

Dr	inking Water System Name	Drinking Water System Number
No	one	

Did you provide a copy of your annual report to all Drinking-Water System owners that are connected to you and to whom you provide all of its drinking water?

Yes [] No []

Ontario Drinking-Water Systems Regulation O. Reg. 170/03

Indicate how you notified system users that your annual report is available, and is free of charge.

Public access/notice via other method	

Describe your Drinking-Water System

The raw water supply for the Wallaceburg WTP originates from the Chenal Ecarte, which is fed by the St. Clair River.

The Ministry of Environment monitors the St. Clair River for various contaminants. In the event that a spill occurs upstream of the raw water intake, the Wallaceburg WTP staff is notified and the intake is shut down until the chemical plume has passed.

The coagulant Poly Aluminum Chloride PAX XL6 is used in the treatment process.

Chlorine is injected at the effluent of the pretreatment tanks, before the filters and at the point of entry to prevent bacterial growth in the Distribution System.

Fluoride is also added to the water to help prevent tooth decay.

The treated water is stored in reservoirs and in the elevated tower, which has a capacity of 4.5 million liters.

The Distribution System supplies the Wallaceburg area.

List all water treatment chemicals used over this reporting period

- 1. Polyaluminum Chloride PAX XL6
- 2. Chlorine Gas
- 3. Sodium Hypochlorite
- 4. Hydrofluosilicic Acid

Were any significant expenses incurred to?

- [X] Install required equipment
- [X] Repair required equipment
- [X] Replace required equipment

Please provide a brief description and a breakdown of monetary expenses incurred

Water Plant Upgrades	\$ 153,000	
Bulk Water Station Replacement	81,000	

Provide details on the notices submitted in accordance with subsection 18(1) of the Safe Drinking-Water Act or section 16-4 of Schedule 16 of O.Reg.170/03 and reported to Spills Action Centre

Incident Date	Parameter	Result	Unit of Measure	Corrective Action	Corrective Action Date
Feb 20	Residual Chlorine	>4.0	mg/L	None Required, the incident self-corrected	Feb 20
Sep 04	Total Coliform	1	cfu/100mL	Resample and test	Sep 04
Nov 19	Total Coliform	2	cfu/100mL	Resample and test	Nov 19
Nov 26	Total Coliform	1	cfu/100mL	Resample and test	Nov 26

Microbiological testing done under the Schedule 10 of Regulation 170/03, during this reporting period.

	Number of Samples	Range of E.Coli Or Fecal Results (min #)-(max #)	Range of Total Coliform Results (min #)-(max #)	Number of HPC Samples	Range of HPC Results (min #)-(max #)
Raw	53	0 – NDOGT	8 – NDOGT	0	
Treated	53	0 - 0	0 – 1	53	<10 – 110
Distribution	477	0-0	0-2	477	<10 – 90

^{**} NDOGT – No Data Overgrown with Target Organisms

Operational testing done under Schedule 7 of Regulation 170/03 during the period covered by this Annual Report.

	Number of Grab Samples	Range of Results (min #)-(max #)
Turbidity Filters	8760	0.0002 – 0.894 NTU
Chlorine Large Reservoir Outlet	8760	0.45 – 4.54 mg/L
Fluoride (Provided)	730	0.11 - 0.86 mg/L

NOTE: For continuous monitors use 8760 as the number of samples.

Ontario Drinking-Water Systems Regulation O. Reg. 170/03

Summary of additional testing and sampling carried out in accordance with the requirement of an approval, order or other legal instrument.

I	Date of legal instrument	Parameter	Date Sampled	Result	Unit of Measure
